

Product Warranty

TyrFil® brand flatproofing products were invented in 1971 and designed to eliminate flat tires in off-road equipment applications.

Accella Tire Fill Systems warrants TyrFil® brand products against failure due to defects in material manufacturing and packaging. TyrFil® brand products have a shelf life for twelve (12) months from the date of shipment when stored according to manufacturer's specifications. The proper use and processing of this material, including the flatproofing of tires, is the sole responsibility of the processor. Before choosing from a variety of Accella Tire Fill System's flatproofing products, a customer should determine the suitability of the product for his application and intended use. Certain tire capacity and footprint should be determined prior to flatproofing with TyrFil® brand products. Accella Tire Fill Systems cannot anticipate all conditions under which this product may be used. The conditions of handling, storage, use and disposal of the product are beyond Accella's control. Thus we expressly disclaim responsibility or liability for any loss, damage, or expense arising out of use of this product.

Notice of claim under this warranty must be given to Accella Tire Fill Systems promptly, and in no case later than 45 days after the breach occurs. The exclusive and sole remedy for a claim under this warranty is replacement of such quantity of liquid product proven to be defective by retesting the retained Quality Assurance samples of the batch number in question.

This writing constitutes the sole and only warranty relating to Accella Tire Fill System's TyrFil® products. Any prior agreements, promises, or representations by Accella Tire Fill Systems or its agents which are not expressly set forth in this warranty are of no force or effect.
